# ELEVATE Strategic Partner program

## What?

The ELEVATE Strategic Partner program is a network that connects leading sustainability practitioners. We bring global sustainability expertise with a focus on Asia.

## Who is it for?

Companies and NGOs who share a commitment to sustainable development.

## How does it work?

Strategic Partners use the network to discuss key issues, share best practice and challenges, and connect with peers within their industry and the wider sustainability community.

## Membership fee

Corporates pay an annual membership of USD8,000.

For NGOs and non-profit organizations USD1,000 per year.

## Others

# ELEVATE Strategic Partner program benefits

## Tailored one-to-one support

### Knowing your sustainability focus

- We map your company's CSR / sustainability focus areas
- We understand your top priorities and challenges

### Tailored services

- One free consulting day with an ELEVATE Director (only for corporate memberships)

## 1 TARGETED NETWORKING

### Access to practitioners with similar interests and subject matter experts

- In-person meetings and gatherings
- Collaboration opportunities
- Introductions & recommendations
- Industry focused or topic- focused

### Your contribution back to the network

- Resources to share / hosting on-site discussions
- Participating in meetings /calls

## 2 CURATED RESOURCES

### Capacity building / training

- eLearning modules
- Free pass for annual pre-Summit training courses

### Online portal resource library

- Repository of reports, standards and guidelines on key sustainability topics (e.g. reporting, SDGs, inclusion & diversity)

### Curated content and facilitated discussions

- Annual publication on sustainability trends in the Asia-Pacific: Tracking the Trends
- ESG country factsheet series
- Community Investment country factsheet series
- Topic-focused group calls and meetings
- Monthly webinars

## 3 FOCUSED WORKSTREAMS

### Focused dialogue facilitated by ELEVATE subject matter experts

- Current workstreams: ESG, Community Investment, Sustainable Supply Chains
- Candid topic-focused exchange
- Discussion driven by in-depth knowledge of fellow Strategic Partners and subject matter experts
- Action-oriented, pre-competitive environment

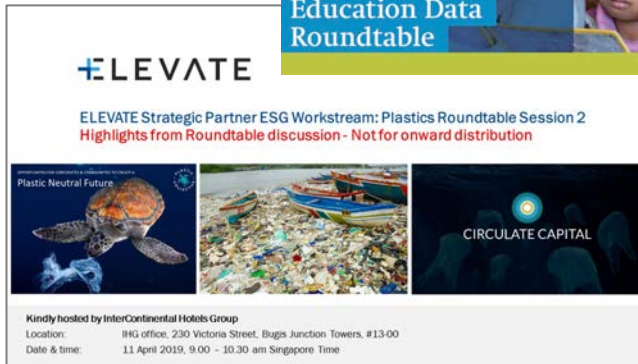

# Global reach, local insights

## Roundtables, group calls, and webinars

We support peer learning, the exchange of best practices and challenges, and solutions-orientated discussions.

We do so through **in-person roundtables, group calls and webinars**. We leverage the expertise of both, our own and external subject matter experts, to help inform the strategies and programs of our Strategic Partners.

## Country factsheet series

## Community Investment related legislation

## Regional trends report

### Overview of national sustainability priorities

### Tracking the Trends

- Annual publication providing deep, on-the-ground insight to Asia-Pacific's sustainability opportunities and challenges.
- Based on interviews with corporate sustainability practitioners, experts, and thought leaders across eleven countries in the Asia-Pacific region
